

Jumbo Brush Super Finish Jumbo 1839

Flügger Pro are handmade quality brushes for the professional painter. The brushes have an ergonomic, natural wood handle. High end fibres ensure hiding power and a perfect finish.

Properties

Jumbobrush with super finish fibres and an ergonomic long beechwood handle. Flexible brush fibres for thick products, an excellent alternative to natural bristles. Suitable for corners, edges, larger items. Long handle provides extra hiding power. Fully vulcanised brush head and stainless steel ferrule protect against water penetration, prevent discolouration and provide long life.

- Resilient brush fibres
- Long, sanded, beechwood handle.
- Jumbobrush

Use

Painting of walls, ceilings, pipes, panels, casings and frames. Rinse the brush in water before use and work thoroughly into the paint. Store the brush in airtight packaging when not in use and avoid storing the brush in water.

Application

Use it for trimming on the wall, ceiling and behind the pipes due to the long

Cleaning and Maintenance

Clean brushes using Fluren 59. Brush cleaner, Fluren 37 Basic cleaner or liquid soap. For non-aqueous paints, mineral turpentine can be used instead.

Usefull Information

Disposal: Remove as much paint as possible from brushes before they are disposed of as small, combustible waste items.

Good practise

Remove as much paint as possible from tools before cleaning. Do not pour liquid paint residue or cleaning fluid down drains. Clean the paint residue from the brushes right up under the ferrule. Paint residue under the ferrule and between fibres will coagulate and result in brittle bristles. Avoid straining the bristles during drying and store the brush dry.
